

Time to Heal Directory's Equity, Diversity, Inclusion, and Belonging Statement

At Time to Heal Directory, we are committed to fostering a supportive and inclusive community that celebrates diversity in all its forms. We firmly believe that every individual should have the opportunity to access high-quality counselling, coaching, and mentoring services, regardless of their background, identity, or life experiences. Our commitment to equity, diversity, inclusion, and belonging drives every aspect of our platform and the services we provide.

Equity: We strive to ensure that all individuals, regardless of their race, ethnicity, gender, sexual orientation, age, religion, disability, or any other characteristic, have equal access to our resources and support. We actively work to eliminate systemic barriers and create an environment where everyone has a fair chance to achieve their potential and goals.

Diversity: We recognise the richness that diversity brings to our community and the services we offer. Embracing diversity means embracing the unique perspectives, experiences, and backgrounds that each person brings, fostering a space where individuals can learn from one another and grow together.

Inclusion: Our platform is built on the principle of inclusivity, where every person is valued, respected, and heard. We are committed to creating a welcoming and safe space where all clients, counsellors, coaches, and mentors can fully participate, contribute, and thrive.

Belonging: We are dedicated to cultivating a sense of belonging for everyone who engages with our platform. We strive to make our directory an environment where individuals feel accepted, supported, and empowered to be their authentic selves.

Our network of counsellors, coaches, and mentors are committed to upholding these principles in their practices and interactions. They undergo continuous training to ensure they provide culturally competent and sensitive support to clients from diverse backgrounds. We actively seek feedback from our community to continuously improve and refine our approach to equity, diversity, inclusion, and belonging.

As a directory, we hold ourselves accountable to these values and are dedicated to making a positive impact in the lives of our clients and professionals. Together, we can create a more compassionate and equitable world, where counselling, coaching, and mentoring services are accessible and beneficial to everyone.

Thank you for joining us on this journey towards a more inclusive and supportive community.
